Overview of Lesson

- Q & A Session

Codelab

- Stadium Finder Sample App

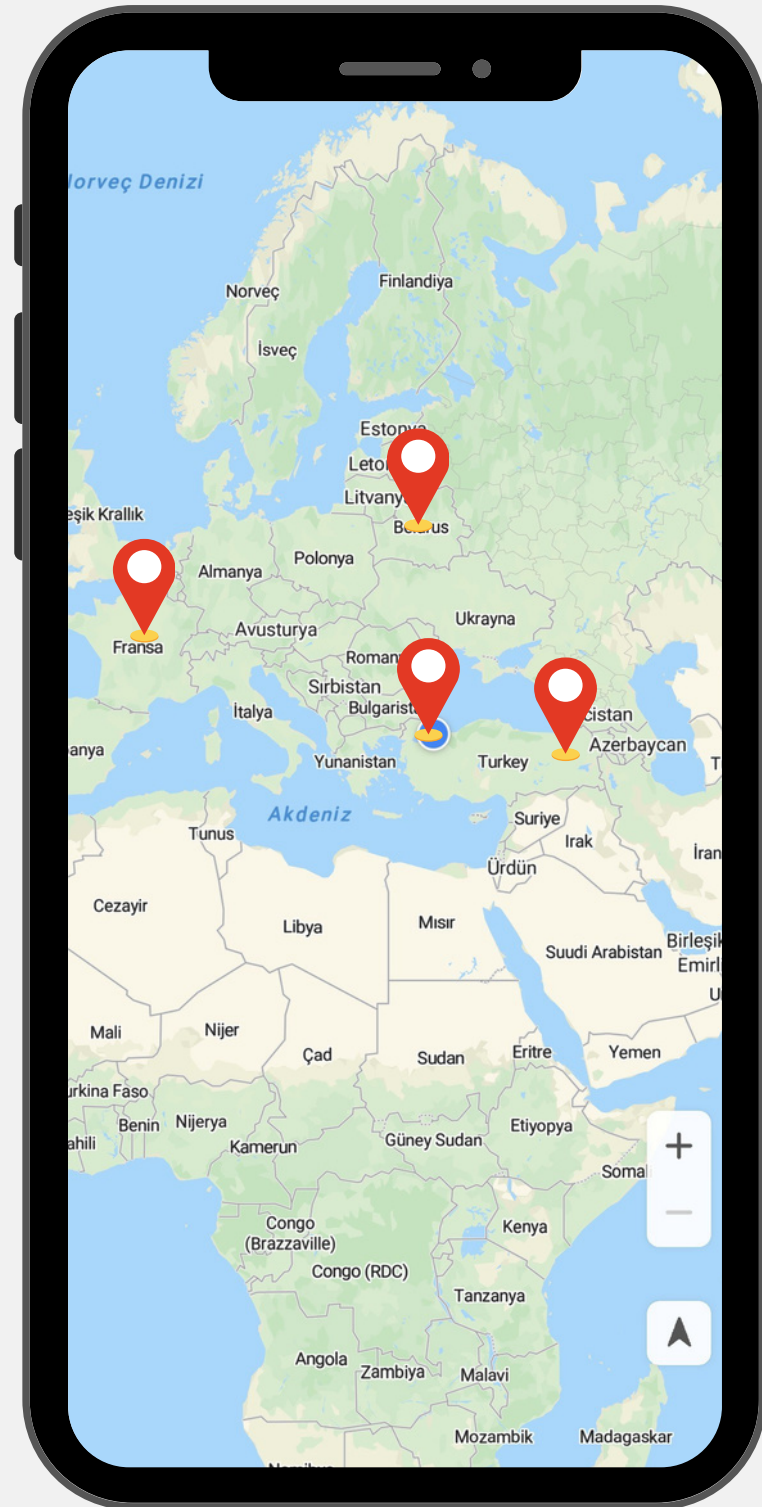

Overview of lesson

Stadium Finder App Development

Map Activity

Design

Please follow design which shows at left side.

View Components

MapView and Markers

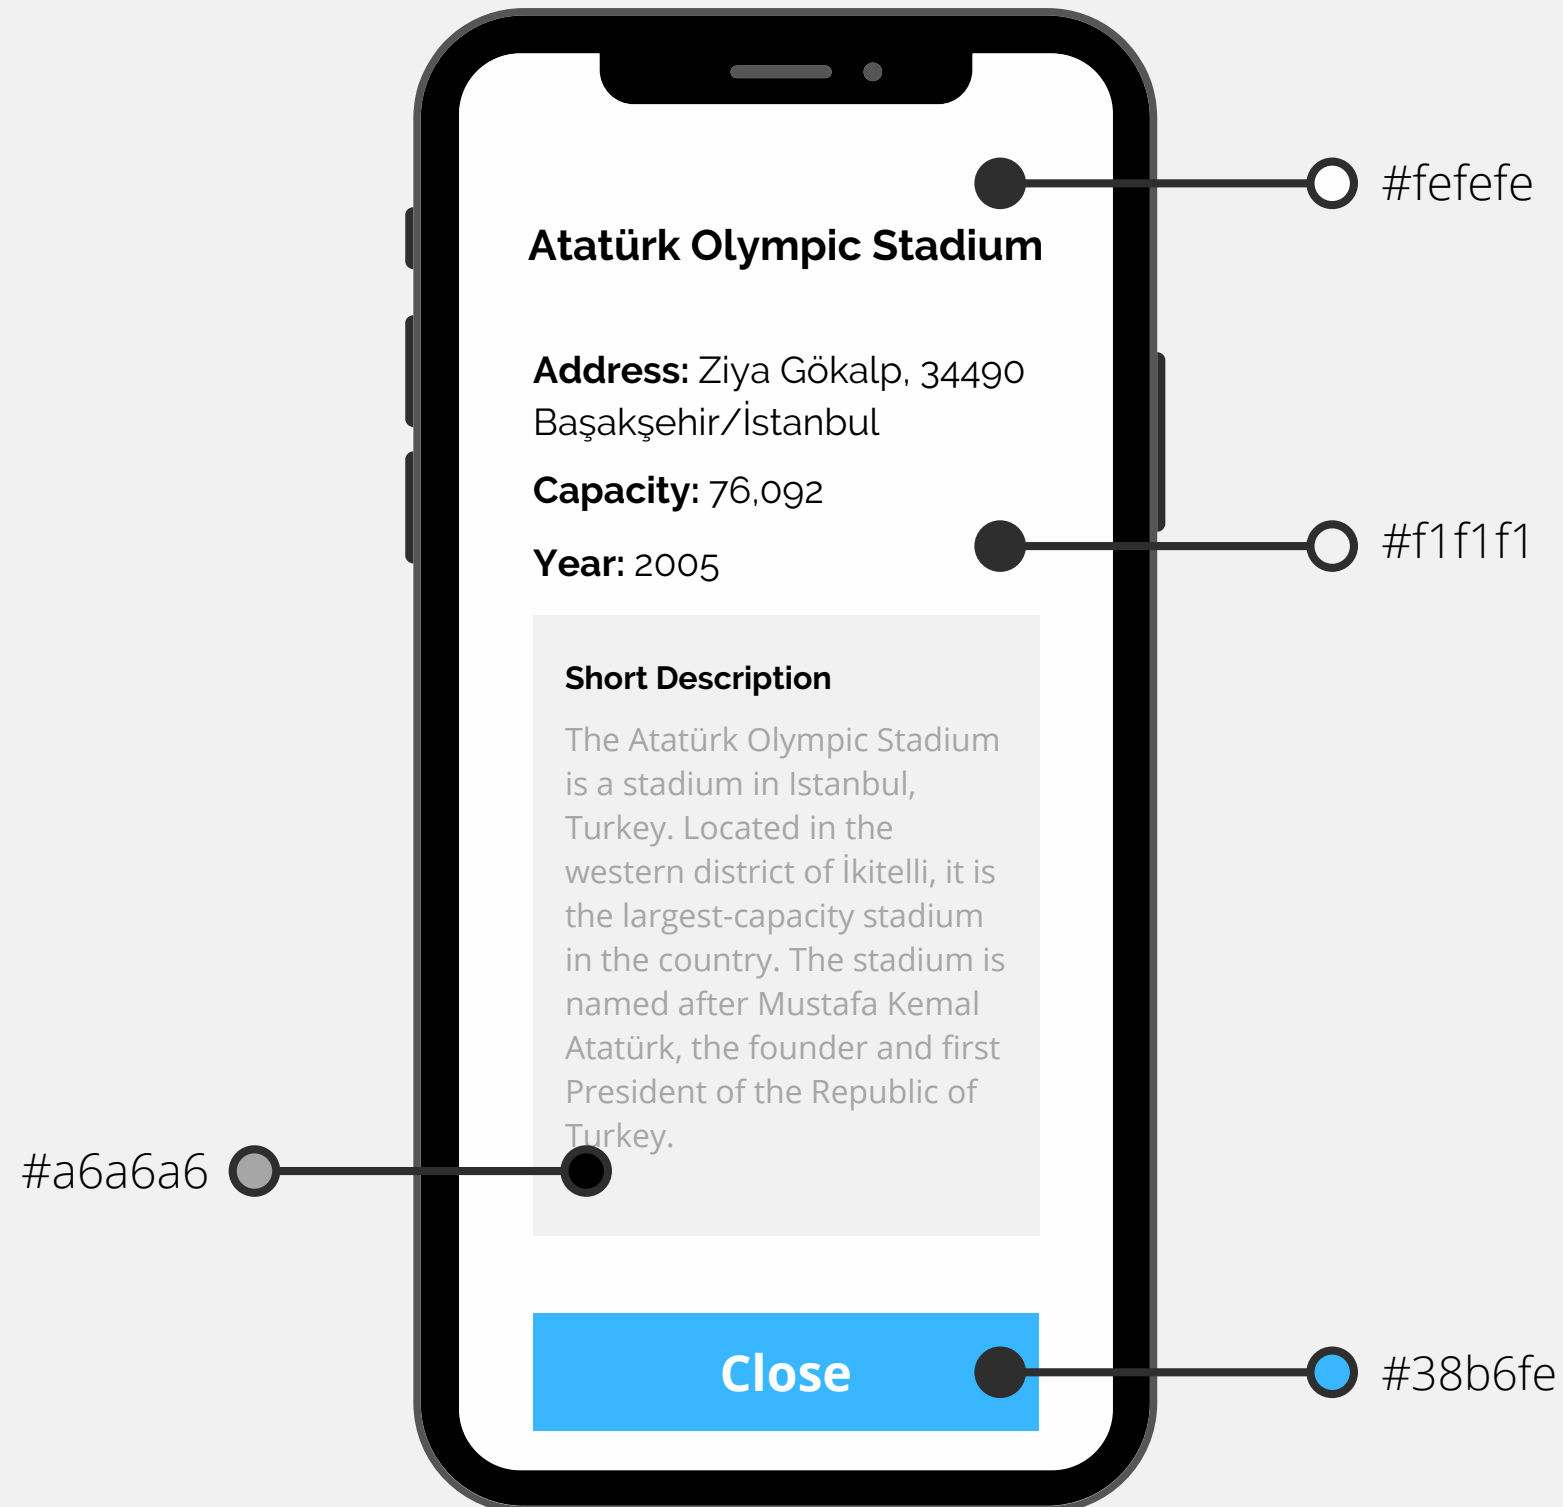

Tips:

You can use Shared Preference to keep stadium details or Stadium Coordinates. You can select any stadiums which you want in the world.

Actions

The map shows N different stadium locations around the world by markers. If a user clicks any marker, stadium detail activity should be showned.

Detail Activity

Design

Please follow design which shows at left side.
